

KLOVE radio station is such a blessing to my family and myself. It supports our beliefs and encourages us to lead a Christ-like life. I don't have to worry about the content or language on KLOVE. I have been personally helped and healed by what I have heard on this wonderful station. If KLOVE is displaced by an LPFM broadcaster that would force me to turn off the radio when my children are present for fear of them listening to negative content or language. I believe keeping KLOVE is in the public's best interest. It promotes family, marriage, good values, Christianity, and good works. How can that be wrong? Replacing KLOVE with any other broadcast would be a tragedy. I support KLOVE and it's efforts!! Plus the music is GREAT!!
